WELCOME BACK TO CABO...!!

After Tropical Storm Patricia and Hurricane Rick, let some rain around this town, everything returns to normal

GARDENS

With the help of rain, Florencio and his team the grass around the complex is in good condition. He has been cleaning the gravel area constantly. Florencio and his team have done a good job of keeping the grass green

The irrigation system is working in full

MAINTENANCE

POOLS

GARAGES

The vents on villas 4, 5, 6 and 7 are ready. The rest of the vents will begin to install starting in 2010. Now, we are working on the retouching of railings.

Heaters will turn on the first of November.

The last group of garages is ready. Two light meters were relocated, which provide service to the garage. Now with these changes, we can measure the cost of the garage light

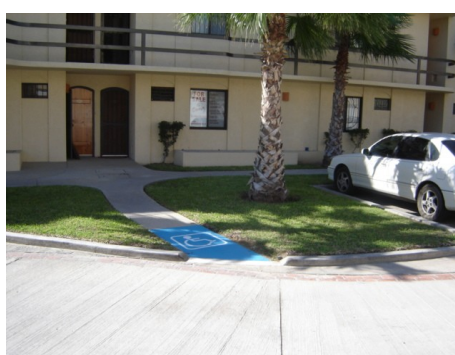

OTHERS

The area of Villa 2 is already clean

The property was already connected to the street with one-inch pipe. Thanks to Mario for his help

Signage for handicapped people were in the villas 3 and 4

The lights sensors that were installed at the corners of villas 7 and 8 are already operating also, the one that was installed in front of the door between phase 1 and 2

The new office is ready. Please pass by to say hello

IMPORTANT NEWS:

Please be advised that from October 15 there is no more security. Therefore, people are asked to not leave valuables in sight of everyone, and not to report the access code to strangers.
